January 31st, 2013.

Dear Borowsky Family,

Concert that you, the "Borowsky Family", offered last January 26th, at our Community Hall of the Patronato of the Cuban Jewish Community House, will be remembered for a long time. For that reason, with this letter we would like to thank you for having dedicated to us a gorgeous musical afternoon.

Listening to the skill with which both of you, and especially Cecylia, interpreted such important works of the classical music repertoire of all times, such as the Bach Suite for cello solo, and works by composers which are not frequently performed in our country, such as the Spanish composer which we had never heard, and who has splendid and majestic works for this instrument.

All this information was transmitted by Cecylia herself, who explained each piece she performed, which turned the concert into a real "musical master class", allowing our community to gain knowledge of this beautiful art.

Within the works performed, Max Bruch's world famous Kol Nidrei was quite moving, this piece that any makes any Jewish audience shudder whenever they listen to it due to its significance, and due to the artistic achievement with which this composer touches our deepest feelings and also because it was performed with great emotion.

And last but not least, the interpretations of a number of pieces from the most genuine traditional Yiddish folklore resulted very stimulating, since these are the roots of many the families of our community; which lead to a very emotional finale, in which everybody sang together many of these beautiful melodies.

Once again on behalf of the Cuban Jewish Community, we convey our most sincere appreciation, and we hope that you return soon, so that we will be able to enjoy another special evening with our friends the Borowskys!

Best regards,

Adela Dworin
President
